

Operation “*Clean Sweep*”

This Aerodrome or Airport has been visited by a representative of the Lethbridge Sport Flyers

Operation “*Clean Sweep*” has four basic principals:

- 1. Even if you had just planned a touch and go, stop and sign the log book**
- 2. Note the condition of the facility and runways in your pilot log book**
- 3. If you find the facility is in tip top shape see that your club sends a "thank you" note to the operator -- send any info to LSF24@shaw.ca**
- 4. If you find the facility is in need of a clean up, find the broom and at the very least take time to sweep the floor. Perhaps even plan a return trip with a clean up crew. Take pictures of your clean up efforts and submit them to the LSF Executive attention OCS at LSF24@shaw.ca The Executive will inform the AP operator letting them know about Operation "Clean Sweep" and how important their facility is to the safety and enjoyment of the flying community.**
